Federal Communications Commission Authorization and Evaluation Division 7435 Oakland Mills Road Columbia, MD 21046

Attn: Equipment Authorization Branch Re: REQUEST FOR CONFIDENTIALITY

FCC ID: 2AJW602

Long-term Confidentiality

Request is hereby submitted by Branchpoint Technologies, Inc. to withhold permanently from public review certain portions of the application for Class II Permissive Change for the referenced FCC identifier. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

Detailed Operational/Functional Description

Short-term Confidentiality

Request is hereby submitted by Branchpoint Technologies to withhold from public review for a period of six (6) months from the date of the Class II Permissive Change and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of six (6) months from the date of Authorization:

- SAR Report Appendix F Test Setup Photos
- Spurious Emissions Test Setup Photos
- External photos
- User manual
- Interior Device Photos

Rationale for request for confidentiality:

Branchpoint Technologies, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portions of this application before the product is marketed would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

If you have questions or need further information, please contact the undersigned.

Sincerely.

Kevin Hughes

Chief Technology Officer
